Dear friends in Christ,

Welcome to the season of Lent! You may be familiar with the name of the season but you may be wondering what Lent is exactly. This is a time in the church year for reflection and preparation. It has been a time of preparation for Easter since the earliest days of church and it has also been a time of preparation for baptism.

Lent is 40 days beginning on Ash Wednesday NOT including Sundays and ending on Maundy Thursday. We do not include Sundays because they are the day of resurrection. The day before Ash Wednesday is commonly known as Shrove Tuesday or Mardi Gras. It's a time of celebration before the time of reflection begins.

Some people do choose to "give something up" for Lent perhaps meat on Fridays, sweets, or other habit. The reason people have done this is two-fold. One, it represents the time of Jesus fasting in the wilderness. Two, it is thought that in giving up something meaningful for Lent, the time you spend thinking about/participating in that thing will be used as a time for prayer and reflection instead.

So why 40 days? Well, in Scripture, 40 days is symbolic of many things: Moses and Elijah spent forty days in the wilderness, Noah had rain for forty days and nights, Jonah declared forty days to repent to Nineveh, and Jesus fasted for forty days in the desert.

What is different around church because of Lent? In our traditional services you will notice that we do not use alleluias or the canticle of praise. Services takes on a more conservative, reflective tone. We also add a mid-week service during the season of Lent to add time to reflect and ponder our faith. This year our added service will be a little different than in the past. We will be holding Lenten Dinner Church in the gym. On Wednesday evenings at 6:30 we will gather to share a meal and during the meal we will experience worship. We will hear music, we will share in the reading of Scripture, hear the Word proclaimed, share in times of prayer, and we will share in Holy Communion. This is an ancient way of gathering as early Christians often met in homes to share in a meal and worship. We are asking individuals or ministry teams to volunteer to prepare a light meal (soup/sandwiches) for each Wednesday. If you would like to bring a side or something to share, please feel free but do not feel obligated. Invite friends to come share a meal with your church family and be fed in body and spirit at these special services. Please feel free to talk to me or any member of the worship life team if you'd like to know more about these services. I hope to see you there!

God's blessings!

GOD WORKS! ASSISTANTS NEEDED

The “God Works” Monday night soup kitchen program has been serving the needs of the greater St. Luke’s community since October 2008. The faithful service of cooking teams and servers have consistently carried the program for over ten years. We thank them for their loyal service with a hearty “well done my good and faithful servants”.

The program currently has only nine active cooking teams. This limited number requires that several of the teams must cook more than once in each three month schedule.

We are seeking 3 or 4 more cooking teams. Teams can be husband and wife teams or a team made up of any two people willing to work together to provide a meal for 25 -40 people on a given Monday evening. Teams are scheduled in three month blocks so that they can know their assignment ahead of time, and the schedules are made up to avoid potential conflicts with pre-existing vacations or commitments. All teams are reimbursed for the cost of foodstuffs purchased for meal preparation so that there is no cost to the cooking team.

And orientation will be given to any new teams that might come on board, and a chance to shadow an existing team can be easily provided to help any new team learn the ropes.

Additional servers are also being sought. Servers, like cooking teams are scheduled in three month blocks so that everyone knows well in advance of their scheduled serving assignment. Servers help in preparation of salads, desserts and beverages, they serve the entrée and sides and provide clean-up for the cooking teams. Servers can accept assignments as often or infrequently as meets their individual schedules.

Won’t you consider becoming a part of this long standing outreach program? For more information about becoming part of a cooking team, contact Denzil Bell at 419-356-4018. For information about an opportunity to serve, contact Doug Becker at 734-850-0666.

WORSHIP STEWARD SIGN UP

The March 2019 Worship Steward list is in the back narthex, however, it could use some attention. There are many spots that need filling (including the 5th Sunday, which includes all 3 Services.)

There is need of you time, your talent, and your expertise in helping make our worship as seamless as possible. It also helps Pastor Robyn a lot to know who to look for on Sunday during the worship.

Please see Erin Beard if you can help or if you have questions. We could really use the help!

ASH WEDNESDAY/ HOLY WEEK WORSHIP STEWARD SIGN UPS

We have a sign up form on the Welcome Center for Ash Wednesday worship stewards, as well as Palm Sunday, Maundy Thursday, Good Friday and Easter Sunday Assistants.

These are separate from the monthly Worship Steward Requests.

It would be a great help if you would take a look and see where you could assist. See Erin in the office for any further information.

Greetings,

March 2019

Because of my beliefs that physical and mental health are firmly connected, it was with great interest to see an article in the Massachusetts General Hospital Newsletter reporting "Study: Depression, Anxiety are risk factors for physical health ailments". The article suggests that mood disorders may have the same effects as obesity and smoking in linking mood disorders to poor physical health.

This is an edited version of the full article.

Often when you talk with your health care provider, weight, blood pressure, cholesterol results are reviewed to determine your risk factors as predictors of your health status. This study suggests that risks of anxiety and depression are every bit as serious as smoking or obesity. One physician, Dr. Huffman, who is director of cardiac Psychiatry Research Program at Massachusetts General Hospital, He says "it is hard to overestimate the effects of depression on health... for example, after a heart attack people who are depressed are almost twice as likely to be dead in the next year". This is independent of age, gender, and other medical condition - another cardiac risk factor like blood pressure or diabetes.

He adds that mood disorders have biologic effects on the "fight or flight" nervous system that can lead to increased inflammation and obesity. This makes it much harder to take on healthy behavior change like starting to exercise or stop smoking. "So it's both biology and behavior/ motivation."

On the flip side- optimism and happiness are both associated with superior health. These folks are more likely to engage in exercise, have a more positive attitude, feel relaxed, eat a healthy diet as well as avoid smoking or drinking to excess. Also persons who have a sense of purpose are more likely to follow their physician's advice.

If you would like to have your physician more aware of your moods, you may start with a statement like "I have been feeling down and depressed and I think it is getting in the way of my life, health, functioning (or whatever is appropriate). If you would feel more comfortable talking to a mental health professional ask for a referral. It may be the thing that keeps your heart pumping and helps keep you feeling better physically for a long time. Remember what the experts say- "What's good for the body is good for the heart" and vice versa.

SIGGI'S LUNCH BUNCH

On February 6th, we met for lunch at Lourdes College. However, due to the poor weather outside, only five of us were able to attend. In our group were: Evelyn Janick, Dory Noble, Marilyn Bexten, Judy Nieman, and Nan Brushaber.

The restaurant was very nice; they have a huge dining room. Next to the dining hall is a room that holds all of the food. You are able to go around the room and pick out the food you want. They had chicken, fish, robs, salad, fresh fruit and everything that goes with it. They also have desserts. All kinds of drinks were provided as well and the total price was only \$7.50 for your meal...all you can eat!

We decided to go again on March 6th since the Grubs and Nob's (the old sage restaurant) is not open for lunch. You will like the Lourdes University dining hall, just give it a try. To get there, take Alexis to Main St. in Sylvania. Turn left on Main and turn right where Convent Blvd intersects. The college is on the right and the first building on the left is where you go in to get to the dining hall.

While we ate, we signed get well cards for Doris Lezon and Joyce Schoch. Don't forget to send them cards.

We didn't collect any funds for the beds this month. We decided to do the collecting for beds another two months.

We hope to see you at our next meal in March. Call Nan Brushaber if you would like to attend.
